Dear Co-Chairs,

I am writing you to support Path Home's request for support of their capital project. I have been involved as a volunteer and donor with Path Home for many years. I have seen the compassion and energy they expend to help families that are without a home of their own.

Path Home has developed an innovative approach to helping these families and their success speaks for itself. However, at this point, they need your help with funds to help expand their work and help even more families.

We all know that homelessness is a crisis, but here is an organization actually accomplishing positive results. Helping them would be a great step in the right direction.

I am asking you to fund their \$5 million request for their project!

Thank you for your time and attention.
John Gruher
