

Submitter: Paul Katen

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: SB181

I urge this committee to support SB181 and to expand the bill to include primates that are used in research.

Among the many reasons are the extreme stress that these primates are subjected to.

The fact that the research is done behind closed doors does not bode well for the treatment that these animals are subjected to.

Thank you for your support of this bill and expansion to include primates.

Paul C Katen, PhD
