SB243

I strongly oppose this bill sb 243. This measure will cause the state of Oregon money, that the state does not have. Oregon is already trying to find where to get money for its budget. Don't add in more money costing measures that do nothing.

Waiting 72 hours to pick up a firearm that you already purchased and passed a background check on is just plain idiotic. What if I had to "cool down" and wait 72 hours to get an abortion? What if I also had to pass a background check before the abortion? What if I had to wait 72 hours to get a morning after pill? Doesn't this sound dumb?

This bill would also do nothing to stop suicide. The facts and studies show that waiting periods do nothing for suicide rates. If someone really wants to kill themselves, they will find another way.
