

Submitter:

Joan Schultze

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

HB3824

It is my very strong opinion that this bill will be very damaging to the Chiropractic profession. Please oppose it. The Chiropractic profession has been a specific entity since its inception. Giving another profession legal rights to perform work that has been exclusively performed by chiropractors who have studied for years to learn very specific techniques to treat the body is likely to injure patients. Let them stick to their profession and improve their craft and let the chiropractors continue to improve ours.
