Measure, Appointment SB181
or Topic:

Dear Chair and Members of the Committee,

I urge you to support Senate Bill 181.

Dogs and cats should not be abused in painful experiments on the public's dime. Most Oregonians would be shocked to know that their tax dollars could fund this kind of cruelty. SB181 is a sensible way to make sure public funds reflect public values.

Dogs and cats give us unconditional love and support. For many of us, they are family members. This is morally wrong to use painful experiments on these innocent animals.

Thank you for your thoughtful consideration.
