

Submitter: Maryam Larki

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

I am oppose the law to allow PTs and PT assistants to perform HVLA manipulation and needling in order to protect the public and the fine art of Chiropractic manipulation and acupuncture, leaving that to the experts of the field.

Just because one takes a 3 month class in these subjects, if doesn't make them an expert, let us all work together and keep the specialists and specialties separate .
