

Submitter:

Gretchen Lambert

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB2528

Governing is the responsibility of elected officials, not unelected bureaucrats. Making it possible for what are essentially political employees of each current administration to make laws that affect all Oregonians is an unconscionable dereliction of duty. If the Governor and members of Congress do not want to or are incapable of leading, they should step down.
