On Behalf Of: Oregon
Committee: House Committee On Emergency Management, General
Government, and Veterans
Measure, Appointment or Topic: SB181

I defend the right of animals not sacrificed for use in medical research which public funds are used for

Unnecessary lab tests. What right do humans have to destroy another living creature. Give these animals a right to live. Don't take their rights away in a selfish destructive . Since these animals can't support or talk for themselves, I am giving them a voice. Please care.
