Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5531
Topic:

As a long-time Corvallis resident, and avid swimmer, I would like to express my full support of SB 5531. Osborn Aquatic Center serves the ENTIRE community, from babies to elders, and every age group in between. It is used by swimmers not just from the Mid-Willamette valley, but from areas outside our locality. Osborn serves as a community hub; a place where friends meet and exercise; where kids learn to swim and continue their skills through high school. It's a treasure in our community, and the thought of losing it is beyond my comprehension. PLEASE support our vital resource! Thanks so much.
