The Redmond Aquatic Club Eels are a USA Swimming program within the Redmond Parks and Recreation. The coaching staff's goals for the Redmond Aquatic Club Eels are to build a solid foundation and foster a positive team environment. This includes establishing clear goals, teaching fundamental swimming techniques, promoting teamwork, and developing life skills beyond the pool.

The Eels over the past three years have achieved new accomplishments from qualifiers in State, Region, Section, and Zone swim meets and for the first time in RACE history swimmers attending the Futures Championship meet.

RACE loves to see their athletes succeed in and out of the water. This year we have two Senior swimmers, and both are attending school on athletic and academic scholarships. RACE coaching staff make it a priority to help our swimmers move on and be successful in whatever their goals are after their swimming career with RACE. The Redmond Eels have a bright future, and we cannot wait to have your swimmer involved.
