

Submitter: Lyn Larson

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5531
Topic:

The Osborn Aquatic Center serves thousands of folks, with regional swim teams and tourneys, youth programs, swimming lessons, and lots of water therapy classes for the elderly. It's the largest-capacity facility in town, and it needs some help financing the roof repair. I support anything that encourages people to exercise (I swam laps there on my lunch hour when I was still working--I do other stuff now).
