

Submitter: Farren Groom
On Behalf Of: Chintimini Wildlife Center
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5531

Chintimini Wildlife Center has been part of my life since I was in elementary school. It was there that I learned about raptors and outdoor survival through their summer camps, and when I volunteered at HeartLand Humane Society we frequently worked with Chintimini when people brought Heartland wild animals or Chintimini got housepets. Chintimini is almost entirely volunteer run. They provide so much good through their wildlife rehabilitation and community outreach, at almost no cost. Please vote yes on SB 5531 to give Chintimini the money it needs to upgrade its facilities so that the Center can continue providing an invaluable service to Corvallis' human and non-human fauna alike.
