

Submitter: Barbara Popoff
On Behalf Of: Osborn Aquatic Center
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5531

I strongly support the use of capital construction budget funds to begin repairs on Osborn Aquatic Center in Corvallis. As a long-time resident of Corvallis, I understand the value of the Osborn Aquatic Center and the role Osborn plays in the health and vitality of our community. From swimming lessons for children and adults, aquatic classes and lap swimming, swim team practice and meets to good old fashion fun in the pools and down the water slide, the center has something for everyone and promotes healthy lifestyles and water safety for all our citizens. In addition, with the Boys and Girls Club right next door to Osborn, it is imperative that access to the facility and its services is available to the children who attend the Boys and Girls Club. Please grant these funds to get Osborn operational again.

Sincerely,
Barbara Popoff
