

Submitter: Stella Coakley  
On Behalf Of: Osborn Aquatic Center  
Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction  
Measure, Appointment or Topic: SB5531

This letter is written in strong support for assistance in the repair of the Osborn Aquatic Center, a community resource that has been supported by the community for many years but for which capital improvement was unfortunately not budgeted. The closure of this facility has made it very difficult for both our youth and seniors (and all other swimmers) to find a replacement facility. This is an important resource for Corvallis and surrounding area users. Thank you.
