

Submitter: Kathleen Blevins

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment SB181
or Topic:

I support expanding SB 181 to include all primates and to fully pass it. The research facility at OHSU has had numerous fines for violating standards for animal welfare, and research on other species is largely redundant. Modern facilities know that using human grown cells is much more effective! Please expand SB 181 to include all primates and pass it!
