The pool at Osborn Aquatic Center really means a lot to me and many other Oregonians. It's 1 of 2 indoor pools in the state able to support large swim competitions and championships for school district and state swim/water polo teams. Outside of team sports, this facility is also used to host swim lessons, water therapy, and by various other recreational groups. Without this pool, the Corvallis community would be losing \$1.5m in revenue and leaving many wage workers without jobs. Besides that, this facility is beloved by many swimmers who've made lasting memories here and would mean the world to them to get their pool back.
