

Submitter: Sharon Rogers

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5531
Topic:

I am a senior and have the expense of changing both my whole house water filter and my refrigerator's filter every 4 months. The house filter is white when I install it and black when I change it. Mold grows on my shower drain. I pay two water bond issues on my taxes. It is time we got good water.
