

Submitter: Jo Ann Casselberry
On Behalf Of: Repair Osborne Aquatic Center
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5531

I support full funding for repairs to the Osborne Aquatic Center. This valuable community resource should not be left underutilized for any longer than necessary for required repairs. Osborne Aquatic Center provides great service to the Corvallis population in terms of recreation & health benefits. It also serves our youth & our school district as a practice pool for the Corvallis Swim Team. Young children learn to swim there, preventing the possible tragedy of drowning. Osborne Aquatic Center is one of the many enjoyable parts of living in Corvallis. I have been a frequent swimmer there over my many years living in Corvallis. Personally, I find it hard to imagine Corvallis without it.
