Capital Construction
Measure, Appointment or Topic: SB5531

I am writing in support of Osborne Aquatic Center and what an amazing part of our community it has been for many years. For a couple years I was raising my young Granddaughter and going to the indoor and outdoor pool for swim lessons indoors and then summer fun in the outdoor pool was a regular part of our weeks. The benefits of the pools in our community is huge along with the use of the showers for some of our unhoused community members. Please do whatever is possible to repair the Pool building so it can be a continued safe valuable part of our community for all ages.
