

Submitter: Bob Hannigan  
On Behalf Of: Osborn Aquatic Center  
Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction  
Measure, Appointment or Topic: SB5531

In communities the size of Corvallis, an aquatic center serves many purposes and many citizens. Also, overall public health is improved and substantial community building occurs during events at the center. It's true that the community suffers without the facility. Please put Corvallis on the road to recovery by including this project in the budget for Capital Construction support.
