

Submitter: Anne Halpin  
On Behalf Of: Osborn Aquatic Center  
Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction  
Measure, Appointment or Topic: SB5531

Osborn Aquatic Center is an invaluable resource to Corvallis and the surrounding area, and the impact of its closure has been felt deeply across our community. My daughter and I swim laps there regularly and have taken occasional exercise classes there are well. I have congestive heart failure and rheumatoid arthritis, so Osborn provides me a way to exercise safely... and affordably! And while we are deeply appreciative of the staff and facility at Clemens pool in Philomath, it is just not big enough to handle the demand created by Osborn's closure. We love our community pool, and we ask that our state legislature do whatever it can to support its rehabilitation. Thank you!
