

Submitter: Jill Baker
On Behalf Of: Osborn Aquatic Center
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5531

Osborn Aquatic Center serves multiple communities in many ways. Knowing how to swim and having the facilities to practice water safety for communities who live near water is so important. Osborn offers water safety to school groups whose students may not otherwise have access to swim lessons and water safety. Benton county should have a public pool with affordable classes and activities. One of the facilities that factored into the decision to live in Corvallis was Osborn Aquatic Center. Swimming is an important part of my life - from Masters Swimming, to summer pool use, to youth swim team programs. Osborn is an asset to the region.
