Capital Construction  
Measure, Appointment or Topic: SB5531

Osborn Aquatic Center in Corvallis OR is a vital facility supporting basic learning to swim to high level competition for the state of Oregon. This facility links many rural communities by providing access they would otherwise not be available. I support this authorization for the funding to repair and reopen this facility as quickly as possible. It is vital for the swimming community, the many business supported economically, and to those who have lost access while it is closed. Thank you.
