Committee: House Committee On Emergency Management, General  
Government, and Veterans  
Measure, Appointment or Topic: SB181

Please support expanding SB181 to include ending the use of primates in breeding and research. I am reaching out on behalf of the animals that have no voice.

They are in cages unwillingly, with no control of ANYTHING, and no hope, suffering alone, being used, and lacking any decency of companionship, comfort, love and family. We should know better and we have other ways now of doing our research and tests that dont involve animals suffering. We have a responsibility to do better and be better. Please help them.
