

Submitter: Nancy Rohn

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: SB181

Dear Oregon Legislature Members,

Please close down the monkey research facility at OHSU. This facility has been cited multiple times for lapses in care of the monkeys. Having these animals caged and experimented on is cruel treatment. End the experiments and close the facility. With Zebra Fish modeling for disease research, we no longer need mammal research like in the past. OHSU has not kept up with the times by eliminating experimentation on monkeys. Please, make the humane and cost effective decision to end using monkeys for experimentation.

Sincerely,

Nancy Rohn
