

Submitter: Jase Dhakhwa

On Behalf of: Osborn Aquatic Center

Committee: Joint Committee on Ways and Means Subcommittee on Capital Construction

Measure, Appointment, or Topic: SB5531

My name is Jase Dhakhwa, I am 14 years old and I have been swimming at Osborn with Corvallis Aquatic Team since I was 6 years old. I have learned how to swim at Osborn to keep me safe when I am in the water. I have learned to work hard, train and be a better swimmer. Swimming at Osborn has allowed me learn that I can achieve goals, even though it has been hard sometimes, I was able to improve my times. These are things I will remember for other challenges I will face at school and in life that will help me to succeed. Osborn Aquatic Center will help me and my other swimming teammates and friends learn to be better and achieve our goals.

Please support the repair of Osborn so we can all train at our main swimming home and have meets with all the teams from all over Oregon. There are many kids who take swimming lessons there who are probably not able to anymore since Osborn has been closed.
