Committee: House Committee On Emergency Management, General
Government, and Veterans
Measure, Appointment or Topic: SB181

Please add Primates to this Bill. Sensitive primates should never be held in caged captivity and experimented on. I can't imagine how anyone with a heart, can think that this is ok.

We need to speak up for those who cannot speak for themselves, and this includes primates. In many cases, these innocent animals ARE speaking up by their body language, in all the many ways they show stress and unhappiness, if only people would take notice!

The time is NOW, to respect the lives of all sentient animals and to let them be free from exploitation and experimentation!
