

Submitter: Marilyn Formica

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: HB2251

I am a psychotherapist specializing in children and teens and have seen the damage done to their academic, social and emotional lives from too much access to cell phones.

There is much clinical information to support that access to cell phones during the school day interferes with both learning and with mental health.

I appeal to you to do the right thing and PASS THIS BILL FOR THE SAKE OF OUR CHILDREN.

Please do not tie up this bill in COMMITTEE FOR POLITICAL REASONS.

Marilynn Formica
Psychotherapist
