

Submitter: Kate Fuller

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: SB181

I support expanding SB181 to include ending the use of primates in breeding and research. Medical education has evolved well past the barbaric and outdated use of living primates as experimental subjects. Please put a stop to this unnecessary cruelty and make sure the living animals in the program at OHSU are retired to a protected, humane living situation.
