

Submitter: Elaine Lavington

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: HB2251

I am for supporting HB 2251. The child should be able to have their cell phone on them in case of an emergency to let a parent know if there is a lockdown due to a shooter on the campus, but should be put away while in the classroom. A cell phone is too much of an distraction in the classroom.
