

Submitter: Zachary Brunnert  
On Behalf Of: RAYUS Radiology  
Committee: Senate Committee On Health Care  
Measure, Appointment or Topic: HB3134

Good morning, Chair and Members of the Committee.

On behalf of RAYUS Radiology, an independent outpatient diagnostic imaging provider with five imaging centers throughout the Portland metro area, we would like to go on record in support of this vital legislation to further modernize the prior authorization in Oregon.

In particular, we would like to draw attention to Section 3 of the bill as it pertains to the application programming interface. We believe this will reduce patient wait times and administrative burden for all parties involved.

Thank you for the time, and appreciate the support of HB 3134.
