

Submitter: William Criswell

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: SB181

I support expanding SB181 to include ending the use of primates in breeding and research. It's unthinkable that such horrific, abusive, and totally unnecessary animal experimentation still exists (including all the species of animals), especially with such a renowned medical institution as OHSU. If this practice continues I vow to end my personal relationship with OHSU and switch to another medical institution.
