Committee: House Committee On Emergency Management, General
Government, and Veterans
Measure, Appointment or Topic: SB181

As an Oregon resident, I'm asking you to please support SB 181, which will prohibit state funding for experiments that cause the most suffering on dogs and cats at university laboratories. Additionally, I encourage you to expand the bill to close down the OHSU primate facility responsibly and humanely for all concerned, benefiting both the animals and the workers involved.

For this action, and for all those that help the animals in Oregon, thank you—even though these two words are hardly enough to express my gratitude.
