SB243

I am a law-abiding citizen. I have never had any issues with breaking laws or any issues with law enforcement.

I live in a remote area and am a hunter. Firearms are a central part of my personal security as well as the security of my property. I have a large cougar on my wall that was stalking my wife as she worked in our yard.

This bill is a gross over-reach of my second amendment rights, which will end up being challenged in the courts, wasting immense money and further bogging down their dockets.

Stop now.
