Measure, Appointment or Topic:	SB243

I am writing in strong support for SB 243. In particular, I am supportive of the measures to increase waiting times, prevent use of modifications that allow rapid fire of guns, and bolster the permitting system. I understand this would have a fiscal impact. It is the kind of impact of which I am in favor. I would much rather pay for prevention of gun violence than for all of its collateral damage. Our country is awash in blood and guns. It is time to impose more limits to protect, in particular vulnerable citizens and children.
