

Submitter: Paulette Rossi

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: SB181

I am against all animal testing and absolutely against using my tax dollars to needlessly make animals suffer for the financial gain of the testing facilities. Human beings are not identical to any other animal so animal testing for human betterment is ridiculous. We live in an AI age and all testing can be done without killing. I ask you, How would you feel if your child or your mother or father were caged and subjected to pain and suffering? A life is a life!
