

Submitter: Parker Jordan

On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment SB181  
or Topic:

I've always felt using primates for experimental issues is wrong. These defenseless creatures should be & must be left in the wild where they belong. If you really want to experiment on some thing worth while, go the the many prisons we have & take/select those on death row to do your manipulations. I'd have a hard time sleeping at night knowing what I'm putting there creatures through each & every day.
