

Submitter: Irene Hoss

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment SB181
or Topic:

As a wildlife documentary filmmaker, parent, and individual with compassion for all living beings, I urge you to expand SB181 to include ending the use of primates in breeding and research. At some point, humans have to evolve, particularly if we want to call ourselves "civilized". There are horrible things being done to animals at OHSU, and I urge Oregon legislators to take action and shut down facilities that torture animals under the guise of science.
