Measure, Appointment or Topic: SB181

As an 4th generation Oregon resident, I'm asking you to support SB 181, which will prohibit state funding for experiments that cause the most suffering on dogs and cats at university laboratories. Additionally, I encourage expanding the bill to close down the OHSU primate facility in a responsible and humane way for all concerned—benefiting both the animals and the workers involved. All animals involved in experiments should be re-housed in a suitable, humane facility for the remainder of their lives.
