

Submitter: Joseph Kundrat

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3134

I ask for your urgent support in removing barriers to physical therapy access. Insurance prior authorizations create more barriers to patients' ability for cost effective pain solutions.

PT can help people avoid using addictive medications, which often lead to opioid deaths and contribute to fentanyl use. Insurance companies are sadly using this as a method of increasing profit margins, but it leads to a lack of expedited access to compassionate help.

Thank you for your support in this obviously beneficial legislation!

Joe Kundrat, PT, DPT
