On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment or Topic: SB181

I am a resident of Oregon and am writing to ask that you please support SB 181 which would prohibit state funding for experiments that cause suffering for dogs and cats at university laboratories. Additionally, I would ask that the language of the bill be expanded to close down the OHSU primate facility in a responsible and humane way for all concerned. This will benefit both the animals and workers involved.

Thank you very much.
