Measure, Appointment or Topic: SB181

I am an Oregon resident, and I'm asking you to please support SB 181. I really do not want my tax dollars used in funding harmful experiments on animals in Oregon Labs. This Bill will prohibit state funding for experiments that cause the most suffering on dogs and cats at university laboratories. I also encourage expanding the bill to close down the OHSU primate facility in a responsible and humane way for all concerned—benefiting both the animals and the workers involved. Many of the experiments are duplicates or won't result in meaningful applications to advance critical medical advancement.
