SB243

I am just as concerned with public safety as any Oregon citizen. This is why we have laws and jails. This measure will only impact law abiding citizens. It is only another feel good measure. Concealed carry is already restricted in many places. I question the real motive here. Mental health and drug addiction is the real problem here. Lets deal with these issues and do not take away rights from law abiding citizens. And we need to lock up people who break our laws, especially when firearms are involved.
