

Submitter: Maureen Barnhart
On Behalf Of:
Committee: House Committee On Revenue
Measure, Appointment or Topic: SB110
House Committee On Finance and Revenue
RE: SB 110

For the record my name is Maureen Barnhart and I live in Washington County.

I have been canvassing voters who reside within the Hillsboro School District, regarding the upcoming School Board elections. I wish to make the Committee aware of some comments that have been shared with me by some of those voters. This is, of course, not a scientific survey.

In the course of considering where additional funding for schools might be found, a few voters have expressed frustration that baseball and support of private businesses is occupying the time that should be spent promoting the basic concerns of the State. Furthermore, they are not convinced that this will not cost taxpayer dollars.

Thank you for your service to the State of Oregon.
Maureen Barnhart
