

Submitter:

Steven BLANKENHEIM

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB243

This does not impact criminals from illegally acquiring firearms, nor does it do anything to prevent lawful citizens from becoming victims of crime. There are plenty of studies that prove beyond reasonable doubt that imposing waiting periods do nothing to reduce crime, and that it needlessly delay the right of the citizen to possess firearms that they paid for.
