Measure, Appointment or Topic: SB181

Greetings and thank you for your time and reading my testimony. I wanted to let you know that as an Oregon resident, I'm asking you to please support SB 181, which will prohibit state funding for experiments that cause the most suffering on dogs and cats at university laboratories. Additionally, I encourage expanding the bill to close down the OHSU primate facility in a responsible and humane way for all concerned—benefiting both the animals and the workers involved. We need to honor the other beings that we share this earth with and move beyond unscrupulous use of them for dubious benefits. Thank you for your time.
