Measure, Appointment or Topic: SB181

As an Oregon resident, I'm asking you to please support SB 181, which will prohibit state funding for experiments that cause the most suffering on dogs and cats at university laboratories. Additionally, I encourage expanding the bill to close down the OHSU primate facility in a responsible and humane way for all concerned—benefiting both the animals and the workers involved. It is shameful we're still doing these experiments in 2025 when more prestigious universities and research centers country-wide and world-wide have decided it is unnecessary and nonessential to continuing research.
