Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: SB181

I support expanding SB181 to include ending the use of primates in breeding and research. Of course I do. Should not everyone who lives in Oregon? We live in a 'green' state with us being the number one state for animal welfare. That we allow any animal testing within our borders is a disgrace, and an embarrassment, as well as shocking cruelty. Not only should the use of animals in breeding and research be stopped.....it should have never started.
