Measure, Appointment or Topic: SB181

As an Oregon resident, I'm asking you to please support SB 181, which will prohibit state funding for experiments that cause the most suffering on dogs and cats at university laboratories. Additionally, I encourage expanding the bill to close down the OHSU primate facility in a responsible and humane way for all concerned—benefiting both the animals and the workers involved. There are far better ways of doing medical research that do not cause suffering and death to innocent non-human creatures.
