Measure, Appointment or Topic: SB181

As an Oregon resident, I'm asking you to please support SB 181, which will prohibit state funding for experiments that cause the most suffering on dogs and cats at university laboratories. Additionally, I encourage expanding the bill to close down the OHSU primate facility in a responsible and humane way for all concerned—benefiting both the animals and the workers involved. I was gratified The Humane World For Animals contacted me with information as to how to get my voice heard since observing film footage of the Primate Lab at OHSU. I found the coverage deeply disturbing and was grateful to learn of the existence of SB 181. Whether you care for animal rights or not, common decency should dictate your vote.
